PPS InfoTech is a  
proud holder of:

MOA DTFAWA11A-00093

# PPS Makes It Happen

PPS InfoTech supports Federal programs that serve the entire country. From infrastructure supporting millions of student loan applications every year, to quality of health care management systems, PPS helps keep the nation running smoothly.

---

## Middleware Infrastructure

PPS manages the products that form the engine for the federal student loan program. We provide architecture, implementation, and around-the-clock support for mission-critical systems.

## System Testing

PPS performs business analysis and system testing for Medicare and Medicaid systems, using processes that ensure high quality results.

## Application Development

PPS has developed web portals and contributed to development of business applications for mission-critical systems at Federal agencies.

- 541513 Computer Facilities Management Services
- 541519 Other Computer Related Services

## Core Competencies

Infrastructure

Access and Identity Management

Virtualization

Web Application Development

Environments for Collaboration

Performance Monitoring

Data Management

## Development

### J2EE + ASP.NET / C#

PPS has built environments, developed web portals and been involved with development of business applications using mainstream technologies. We have experience with Java J2EE as well as Microsoft's .NET framework.

### Business Intelligence

PPS has shown clients how to get more out of their business intelligence assets, such as MicroStrategy.

### Data Management

PPS operates a federal data management infrastructure and shows the client how to get the most from their investment. We perform data modeling, data profiling and cleansing, and data migration.

## Our People

### Certifications

Our staff members are certified in a range of products from IBM and Microsoft, as well as PMI management certification.

### Experience

Our staff has deep experience in all the technologies we support.

### Training

At PPS training is a continuous effort that keeps us up to date on technologies, products, and industry practices

### Retention

PPS offers rewarding work and competitive benefits. Low attrition means better service for our clients.
