

PPS InfoTech LLC is proud to be a member of the Quality Software Services, Inc. (QSSI) team on the NIH Information Technology Acquisition and Assessment Center (NITAAC) Chief Information Officer 3 (CIO-SP3) Government Wide Acquisition Contract (GWAC). This versatile IT service contract provides unparalleled speed, flexibility, and cost effectiveness in the procurement of a broad range of IT services.

ABOUT CIO-SP3

The CIO-SP3 GWAC is a 10-year, \$20B Indefinite Delivery, Indefinite Quantity (IDIQ) contract designed to permit the Department of Health and Human Services (DHHS) and ALL other federal agencies to acquire a wide range of IT services and solutions. CIO-SP3 is a unique, streamlined and comprehensive GWAC that is managed by NITAAC (a designated Federal Executive Agent).

Benefits of CIO-SP3 are:

- ❖ Scope is broad enough to encompass any IT requirement, the ceiling is high enough to accommodate the most complex enterprise solutions, and the contract is agile and flexible enough to accommodate customized needs from unique terms and conditions to modular contracting. CIO-SP3 allows for streamlined planning, acquisition, and deployment of large-scale IT program requirements. A summary of CIO-SP3 advantages include:
 - Broad IT services scope – 10- task areas provide comprehensive IT services;
 - Available to all federal agencies – As a GWAC, all civilian and DoD agencies may participate;
 - Streamlined acquisition and fast provisioning – ability to use simplified evaluations at the task and delivery order level, resulting in significant savings in time, money, and resources.
 - 1% contract fee - no additional charge for value-added services;
 - Support all contract types – FFP, CPFF, CPAF, CPIF, T&M, Hybrid;
 - Secure, proven web-based ordering and management systems;
 - Highly cost competitive with 137 pre-negotiated labor rates; and
 - Support CONUS and OCONUS Projects – CIO-SP3 provides global support services.
